Summertime at WOBBC is
a chance for community
members to wrest pretense
and power from the college
students and make their voices
(and music) heard. Sure we
don't have a budget, but from
June 1st thru early Sept., we're
still broadcasting seven days
a week for over half the day.
Hope you'll tune in or join us!
We're accepting dj applications
until Aug., and we can always
use help around the station.
WOBBC is hot and waiting for
your call (or e-mail).
